Plans & Pricing

How are your Managed IT plans priced?

Our Managed IT plans are priced on a simple, predictable **per-user, per-month** basis (excluding VAT) across three core packages tailored to different business needs:

- **Foundation:** Essential day-to-day IT support, core Microsoft 365 administration, managed antivirus, and automated backups during standard business hours.
- **Assurance (Most Popular):** Extended support hours, priority SLAs, advanced cybersecurity (M-MDR, dark web monitoring, and phishing simulations), unlimited M365 backups, and Cyber Essentials certification.
- **Custodian:** Full 24/7/365 zero-downtime cover with a 24/7 Managed SOC, contractual SLAs, comprehensive workstation and M365 backups, and a dedicated Account Manager.

Your exact per-user rate depends on your chosen tier, team size, and contract length (with discounted monthly rates available on longer agreements). Get in touch with our team for a tailored quote.
